

per Dth rate for the period from October 1, 1996, through March 31, 1997.

Gas Transport states that it charged all of its customers during that period an IT rate of 9.0 cents per Dth, which is discounted from the maximum IT rate of 13.5 per Dth. Gas Transport applied its discount first to the ACA surcharge and then to Gas Transport's IT base rate. Accordingly, Gas Transport did not collect any ACA amounts from any of its customers during the relevant period and thus refunds are not appropriate.

Gas Transport states that copies of the report are being served upon each person designated on the official service list complied by the Secretary in this proceeding.
